Dear Mr. Daniels:

SUBJECT: Reclamation Surety, Carr Fork Mining and  
Reclamation Permit

I have attached an executed copy of the surety contract for your file. The contract date has been left open for completion by your department. Please return two signed copies for our files.

This should complete the conditional stipulations contained in your March 7, 1980 letter regarding the Carr Fork permit approval ACT/045/004. I have also attached a list of all of the mining claims and leases that are a part of the Carr Fork acreage (Exhibit A), a drawing showing the property boundaries (Exhibit B), and MR Form 8 regarding our commitment to Rule M-10.

It is my understanding that we have met all stipulations required for tentative approval by the Board of Oil, Gas and Mining.

Yours sincerely,

Art Ditto, General Manager  
Carr Fork Operations
